

## WHAT IS A 'SOFAR'?

A Sofar is an intimate, invite-only performance event - the best new music played in unique spaces, to passionate audiences. At a Sofar, the music comes first. Artists perform for audiences who listen. Artists perform for audiences who listen. Audiences listen with other music lovers who listen. That guy who talks through the entire set? He won't be there.

## WHAT HAPPENS AT A 'SOFAR'?

Our events are not "a party with live music," but an interactive listening experience for people who want to discover new music and meet like-minded people. Nights typically feature three acts of equal importance. There is no "opener" or "headliner". Lineups are hand-selected for talent, uniqueness and diversity.

## HOW DO I ATTEND A SHOW?

New Events are released at the start of each month via email and on [sofarsounds.com](http://sofarsounds.com). Find an event you want to attend, and apply. Please don't be disappointed if you don't get in right away! We work hard to ensure everyone can attend a performance. When you get invited, confirm that you're going, then select your +1. Next step: pay what you want for your ticket. Last is the fun part. Go to the show!
